

INSTRUCTIONS FOR HIGH SCHOOL REPORT

Each applicant must request one High School Report. The High School Report should be completed by your school counselor or other school official who is able and allowed to provide the information requested.

The Society no longer accepts hard copy transcripts; this recommender will need to upload your transcript through the online system. Should you have other types of transcripts from a community college or summer course, you will need to request these transcripts and ask your High School Report recommender to upload them on your behalf, or request another High School Report at the bottom of your Task List.

PREVIEW OF HIGH SCHOOL REPORT

Entrants must request that their school counselor or an administrator complete this form in the online recommendation system.

1. What is the approximate average graduation rate of your school over the past 2–3 years? (Compare the number of first year students entering your school to the number who graduate.) _____
2. Approximately what percentage of your graduates attend four-year colleges? _____
3. Type of School (please select all that apply):
 - a. Public
 - b. Private
 - c. Homeschool
 - d. Magnet School
 - e. Magnet Program within School (if student is included in it)
 - f. International Baccalaureate
 - g. AP Courses Offered
 - h. AP Courses offered in Math/Science
4. Will this student graduate from high school in May/June 2019?
5. School Transcript (PDF only)

Please upload an electronic version of the student's transcript. The Society no longer accepts hard copies in the mail. If this new rule causes concern or you experience problems with our system, please email sts@societyforscience.org.

Receipt of a school transcript prior to the Transcript and Recommendation Due Date is ultimately the responsibility of the student. Please do not delay submitting this report if you are uncertain about a school transcript. There is no letter of recommendation associated with this report. Please do not upload one here. If you would like to submit a letter of recommendation for this student, please ask them to request an Educator Recommendation from you.
6. Note about Standardized Test Scores:

Student applicants to the Regeneron Science Talent Search are now required to upload their own test scores within the application. In prior years, this information was submitted with the High School Report.

TROUBLESHOOTING ISSUES

Should your Recommender experience any issues with our online process, please encourage them to email sts@societyforscience.org. Once you request a recommendation from them through the online system, the Recommender should receive an email with instructions. Occasionally these messages are caught in junk mail or strict school email filters, or a recommender could receive requests from multiple students under different email addresses, causing confusion. We are happy to investigate any issues.
